CUSTOM SPOT GRAPHICS/DECALS

SPOT GRAPHICS TO PERSONALIZE THE PRODUCT

Spot graphics are what we use on our standard Burromax models and can be customized to your needs. These can be installed and delivered complete or come as graphics sheets to be installed by the customer. We use spot graphics when we need to produce custom graphics quickly and these are the best choice for easy to install, low cost projects. When using spot graphics you can select the plastic colors to apply these to. They are also used over hydrographic dips when logos or text are required.

Burromax Basic Graphics ready to install

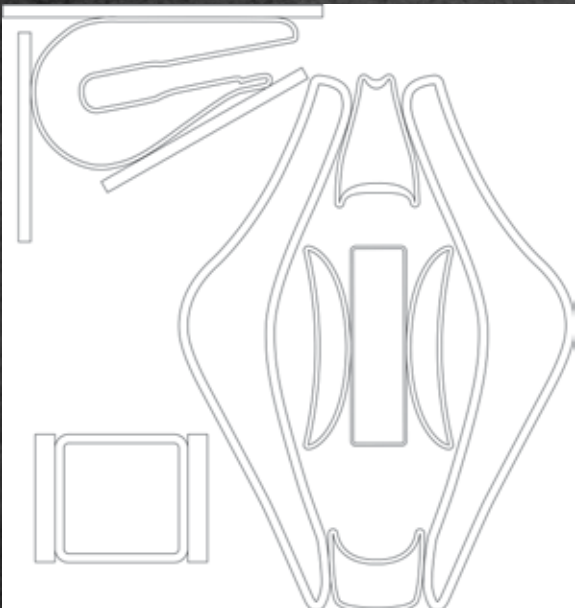

CUSTOM GRAPHICS ARTWORK REQUIREMENTS:

Burromax can provide a graphics template to customers who have art departments and we work with Adobe Illustrator files. Templates provided will help in sizing graphics to fit correctly. We can also provide graphics services for customers who need some assistance with digital artwork.

CUSTOM GRAPHICS OPTIONS -- TT SERIES

CUSTOM VINYL WRAPS

We use 3M equivalent Vinyl when producing full wraps for our products. When using Vinyl Wraps we have the most freedom to produce full coverage custom graphics quickly and these are the best choice for low volume projects needing branding on patterns that are not repeating. We provide a template for customers with art departments and will assist you in making a workable design. We can also provide graphics services for you.

CUSTOM HYDROGRAPHICS -- TT SERIES

SPOT GRAPHICS TO PERSONALIZE THE PRODUCT

The hydrographic dipping process will allow us to offer a full wrap of a basic repeating pattern background at a lower cost with the highest level of detail. When finished, it looks like a custom paint job! Typically customers who use this type of graphics application will also use spot graphics to add additional branding information to the bikes. This is the least expensive way to produce custom paint job quality graphics in high volume. Many patterns are available, please ask your sales person about pattern options. Custom hydrographic films can be produced for customers with a minimum order of 200 sets. We stock 3 colors of carbon fiber hydrographics for customization.

White Carbon Fiber

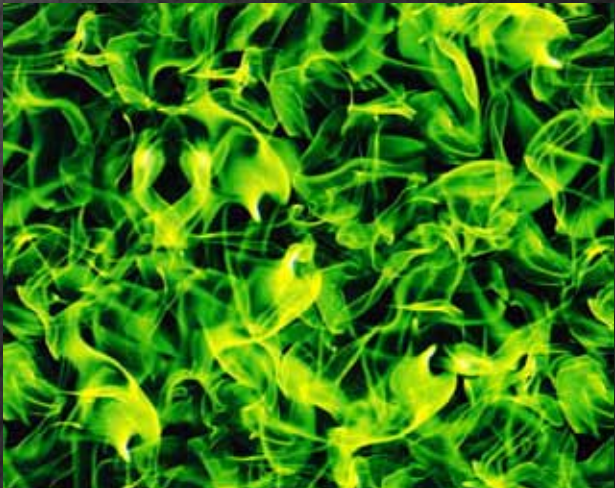

Black Carbon Fiber

Pink Carbon Fiber

Custom films are available with a 200 pc min order

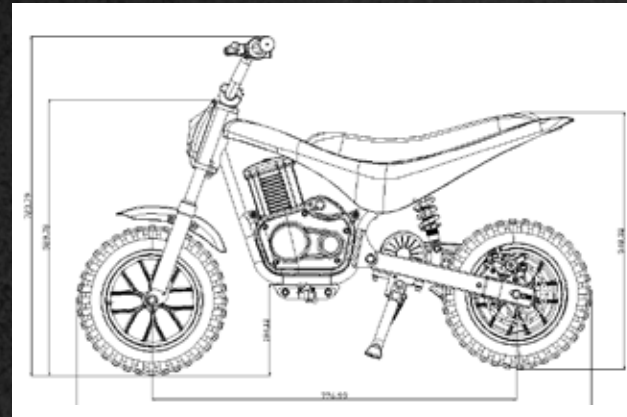

High quality detail is attained with the hydrographics process as shown in this close up of our Black Carbon Fiber offering

ABOUT OUR BIKES

Burromax products were designed and tested to deliver dependable performance day after day, week after week and for years to come. WARRANTY

BURROMAX LIMITED WARRANTY

The manufacturer warrants this product to be free of manufacturing defects for a period of 1 year from date of purchase. Warranty does not cover normal wear and tear, tires, tubes, cables or any damage, failure or loss caused by improper assembly, maintenance, or storage or use of these products.

The Limited Warranty will be void if the product is ever:

- Used in a manner other than recreation or transportation
- Modified in any way
- Rented

The manufacturer is not liable for incidental or consequential loss or damage due directly or indirectly to the use of this product. All Warranty requests will be evaluated by Burromax and the final determination will be made at our discretion. For contact information visit us at Burromax.com Burromax does not offer an extended warranty. If you have purchased an extended warranty, it must be honored by the store at which it was purchased.

ORDERING INFORMATION

THE BASICS

We are flexible in how we do business with our customers and will work to accommodate any system your company has that we can work within. Any questions can be answered at 1-800-742-1189 or by email to info@burromax.com. You can also log on to our website at www.burromax.com and from the home page select "become a dealer" located on the top banner of the page. This will provide us with all the basic information we will need to begin the ordering process. Once we review your information we can set you up to order directly from our website and get your assigned pricing. Standard models can be ordered and drop shipped directly from our website using your specific login and password.

TERMS

All orders are PIA or CC unless a credit application has been accepted by Burromax.

SHIPPING

Ground Shipment and Drop Shipping:

All orders for less than 12 PC are shipped FedEx ground at a flat rate of \$35 per unit for bikes going to the lower 48 states usually within 1-2 days. Please contact us for shipping locations outside this area or when you would like to use your own shipping number for deliveries

Pallet orders :

(12 pc per pallet) can typically be shipped LTL at a lower rate than FedEx as long as they are going to the same destination and are sent in full pallets (order is divisible by 12). Contact us for your destination needs. These orders are shipped from our warehouse within 2-3 days

FOB orders:

We currently use 40 ft HQ layouts of 344 pc per container. We can quote door to door delivery to your destination. Please contact us with your needs. These orders require approximately a 90 day lead time.

CUSTOM PRODUCTS

Custom products and graphics are handled by one of our sales staff as needed and quoted per order and lead times vary. Please contact us with your specific needs.
